

AWNING WORKS INC.™

GENNIUS

A1

OUTSIDE DINING GUARANTEED

A2C

Commercial Applications:

- Wedding and banquet halls can guarantee dry functions
- Restaurants can create or expand outdoor seating, generating revenue even in inclement weather
- Improve the ambiance with optional integrated LED lighting and audio
- Improve dining and entertainment space for country clubs
- Patio covers for golf courses

A2C

Instantly create 1,000+ sq. ft. of shade and weather protection. This aluminum framed system is pitched from an existing structure or free standing, with integrated water drainage and projections to 26'-4". The design resembles a traditional pergola.

FEATURES

- Rainproof retractable roof system
- Integrated rainwater drainage feature
- Choose Ferrari® Preconstraint 602 fabric, which blocks 100% of UV light, eliminates shadow lines of droppings and debris
- Width dimension up to 42'-8" in a single unit, virtually unlimited with multiple units
- Projection dimensions up to 26'-3"
- Enclose your Gennius with optional DuraShade solar screens with clear vinyl windows
- Available with integrated lighting and audio systems
- Optional swag fabric layer beneath pergola cover
- Optional manual override in case of power failure

L1S

L1S

Combine a retractable roof with a traditional wood pergola. This Norwegian spruce trellis system is pitched from an existing structure with integrated water drainage and projections to 19'-8".

A1

This aluminum-framed trellis system, supported by front posts with integrated water drainage, is pitched from an existing structure and projects up to 21'-4" and covers up to 42'-8" wide.

1.866.873.2941

T1

If you already have a pergola or trellis, the T1 retractable fabric roof with aluminum guardrail can be attached to your structure. Since it has no posts, there are virtually unlimited possibilities. Covers 42'-8" wide and projects up to 29'-6".

T4

The unique cantilever design with a durable aluminum frame allows installations without the use of posts and provides great coverage to 42'-8" x 13'-1" projection.
