

AURA™

ComfortPlus

ALL-WEATHER, OUTDOOR HEATER

YEAR-ROUND DIRECTIONAL, RADIANT, INFRARED HEAT

The powerful Aura ComfortPlus Infrared Heater, provides up to 64 square feet of radiant warmth to your patio, deck or favorite outdoor space. Its advanced heating technology is designed to warm people and objects without heating the air in between, this provides the ComfortPlus with 90% efficiency in converting energy into directional, virtually wind-proof comfort heat.

ComfortPlus Heaters are weatherproof—meaning they can be left outside year-round, and operate safely in all weather conditions.

The ComfortPlus includes a convenient On/Off switch and an integrated safety tip-over switch.
